HERE'S WHAT YOUR COLLEAGUES HAVE TO SAY:

"AS A CLINIC WITH A FOCUS ON INJURY REHABILITATION, WE CONTINUALLY SEEK INNOVATIVE TECHNIQUES TO ASSIST PATIENT HEALING THROUGH CHIROPRACTIC CARE. DRY NEEDLING HAS BEEN A GREAT ADJUNCT IN IMPROVING PATIENT OUTCOMES QUICKER WITH HIGH PATIENT SATISFACTION RATES FROM YOUTH THROUGH THE GERIATRIC POPULATION. IN ADDITION, WE ARE SOUGHT REGULARLY FOR TREATMENT BY PORTIONS OF THE POPULATION SEEKING PROVIDERS OF DRY NEEDLING WHO WOULD HAVE NOT CONSIDERED OUR OFFICE AS A FIRST OPTION.

BY ADDING DRY NEEDLING TO OUR SKILL SET WE HAVE ADDED REVENUE TO THE PRACTICE AND HAVE BEEN ABLE TO INCREASE ACCESS TO PATIENTS RECEIVING THE FULL BREADTH OF CHIROPRACTIC CARE AND THUS IMPROVED HEALTH. MANY OF THE DRY NEEDLING COURSES THAT ARE AVAILABLE ARE CATERED TOWARDS THE PHYSICAL THERAPY PROFESSION; HOWEVER, DR. KESTNER'S COURSE WAS DEVELOPED FOR TENNESSEE CHIROPRACTIC PHYSICIANS AND WE HAVE FOUND IT TO BE EDUCATIONAL, PRACTICAL AND INSTRUCTED THROUGH A CHIROPRACTIC LENS WHICH MADE ALL THE DIFFERENCE IN THE IMPLEMENTATION WITHIN OUR CLINIC. ANYONE SEEKING TO ADD ADDITIONAL SERVICES TO THEIR CLINIC FOR HIGH OUTCOMES AND ADDITIONAL REVENUE WOULD BENEFIT BY INVESTING THEIR TIME IN ATTENDING THIS DRY NEEDLING COURSE."

-COLE HOSENFELD, DC, DACBSP

"DR. KESTNER DID AN EXCELLENT JOB OF PRESENTING THE MATERIAL IN A WAY THAT IS IDEAL FOR CHIROPRACTIC PHYSICIANS. UNLIKE SOME OF THE SEMINARS THAT ARE AVAILABLE ON THIS TOPIC, THIS PROGRAM WAS DESIGNED EXCLUSIVELY FOR CHIROPRACTORS, TAKING INTO ACCOUNT OUR BACKGROUND AND TRAINING.

I'VE BEEN ATTENDING VARIOUS SEMINARS ON ACUPUNCTURE AND EVERYTHING ELSE IN CHIROPRACTIC SINCE THE 1970'S AND THIS IS ONE OF THE BEST. I RATE IT AN A++. I HIGHLY RECOMMEND THIS SEMINAR TO MY COLLEAGUES. "

- H. LOUIS OBERSTEADT DC, DIBAK, ACU, DCBCN
