

Connecting Every Legislator with a Chiropractic Physician

To focus the tremendous grassroots power of the chiropractic profession, your TCA has developed a *Legislative Ambassador* network. The aim of the program is to ensure that each and every member of the General Assembly has continual contact with, and input from, his/her local Doctors of Chiropractic.

You can be a *Legislative Ambassador* if...

...you have a personal or good working relationship with one of Tennessee’s House or Senate Members.

We need to know as this can be critical in responding to urgent legislative issues.

...you would like to initiate a professional relationship with your legislators.

We want to support you and provide timely information on issues and events.

The responsibilities of the *Legislative Ambassador* include:

- receiving and delivering information regarding important chiropractic legislation,
- attending “Chiropractic Day at the Hill” when possible,
- and mobilizing grass-roots support among local doctors.

Become a TCA *Legislative Ambassador* today!

If you have, or would like to initiate, an active relationship with your Senator or Representative, please fill in the form below and fax it to the TCA office at (615) 383-6233 or e-mail details to: tca@tnchiro.com.
