

TCA LEGISLATIVE AMBASSADOR NETWORK

Connecting Every Legislator with a Chiropractic Physician

To focus the tremendous grassroots power of the chiropractic profession, the Tennessee Chiropractic Association has established a *Legislative Ambassador* network. The purpose of this organized effort is to ensure that each and every member of the General Assembly has continual contact with, and input from, his/her local Doctors of Chiropractic. Any chiropractor in Tennessee can be a part of this program!

You can be part of TCA's *Legislative Ambassador* network if:

...you have a personal or good working relationship with one of TN's House or Senate Members.

We need to know as this can be critical in responding to urgent legislative issues.

...you are open to initiating and maintaining a professional relationship with your TN legislators.

We will support you and will provide timely information on issues and events.

Your responsibilities as a *Legislative Ambassador* will include:

- sharing information with your legislators regarding **important chiropractic legislation**
- meeting with your legislators on "**Chiropractic Day at the Hill**" or at local events
- mobilizing **grassroots support** among local doctors during key campaigns
