

CHIROPRACTIC: A PHILOSOPHY DEFINES US ALL

[Adam Tedder, DC](#)

August 19, 2017

In this intriguing course, we will discuss the different aspects and importance of a core philosophy in your chiropractic practice. In today's chiropractic space, there are many thoughts and approaches on how chiropractic should be delivered and presented to the public. We will dive into the history of and founding core philosophical tenants of chiropractic and how we can apply them in today's chiropractic practice. Join us to learn and grow in our understanding and application of chiropractic philosophy in your personal life and your chiropractic practice.
